

INTERNET CHAT

**Turn your Web Site from an Information Center,
TO A LEAD CONVERTER!**

**They're on your website right now.
TALK TO THEM BEFORE THEY GO AWAY!**

Dealerships today are losing sound prospects before they have a chance to meet with them. **INTERNET CHAT** gives you the opportunity to visit with your prospect and give them a reason to stop by your dealership. Now you can make your Web Pages...
Set Appointments 24 hours a day!

LeadConverter is an Automotive chat tool designed for dealers by dealers. We are flexible with our product because we know each store is different. Whether you use a BDC, internet department, outsource or are large or small we have a product to fit your needs.
Why Live Chat?

Think of it as having someone monitoring your website 24/7 and answering questions, getting customer info and just helping the customer have a good experience.

INTERNET CHAT is the tool that gives you a one on one conversation with the prospect before he surf's off to another dealership. By adding **CHAT BUTTONS** to your Web Sites and Vehicles, qualified buyers are encouraged to connect with the dealer quickly and easily. Valuable contact information is captured, and you can follow up on all leads whether they *show* or not. Reports are available in real time to track results of all CHAT conversations and to manage the high quality leads. **TELETEXT CHAT** is easy to use and is available in three different service offerings.....

LEAD CONVERTER - STANDARD

- All Chat Conversations are handled by the dealership.
Your people interact directly with the consumer.

LEAD CONVERTER - NIGHT WATCH

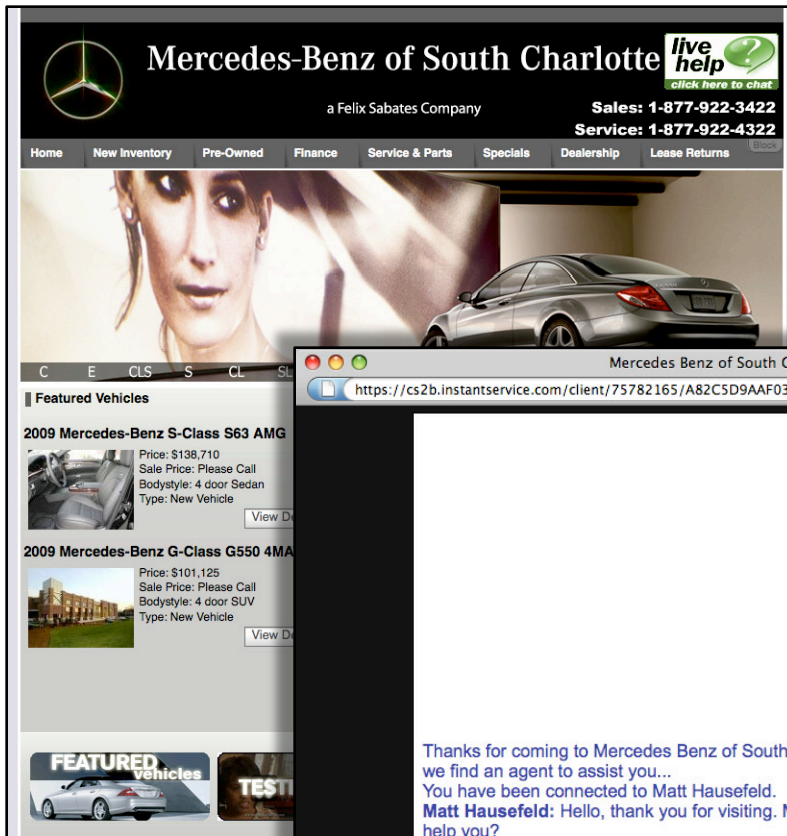

- All Chat Conversations during working hours are handled by the dealership.
All after hours Chat Conversations are handled by our staff at TeleText Solutions.
With leads and conversations available immediately on the internet.

LEAD CONVERTER - DRIVER

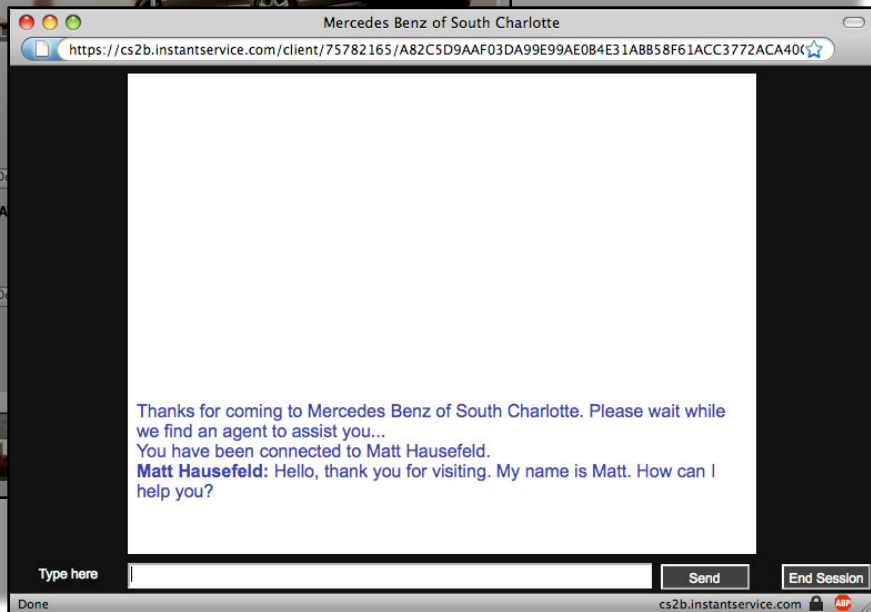

- All Chat Conversations 24/7 are handled by our staff at TeleText Solutions.
With leads and conversations available immediately on the internet.
